GETTING TO THE ALPHA HUB

TRANSPORT FROM THE AIRPORT

There are 2 main airports in Kuala Lumpur – KLIA1 for most international flights and KLIA2 mainly for domestic flights and limited international flights. Make sure you indicate the right one when booking for taxis or if a friend is picking you up. The Alpha Hub is located in Bukit Bintang, and both airports are situated about 60km/an hour's journey away. View the Alpha Hub on Google Maps [here](#).

From the airport, you can get to Bukit Bintang via airport taxis, booking a Grab car using the Grab app, or taking the KLIA Express Rail Link. Below are some helpful tips depending on your mode of transport.

** please note that all prices stated are an estimate only.**

Option 1: Airport Taxis

Airport taxis can be booked directly from the airport and will cost approximately RM80-90. Do beware of taking unofficial taxis and only book from the official airport counter.

Option 2: Grab

Depending on peak and non-peak hours, Grab cars will cost approximately RM70-80. Download the Grab app and book a car through the app. Remember to check if you are coming from KLIA1 or KLIA2. Input your destination as "Lot 10 Shopping Centre".

Option 3: KLIA Express Rail Link (ERL)

Take the KLIA ERL from the airport to KL Sentral. Fare costs approximately RM55 for one way and RM100 for return. At KL Sentral, walk to the Muzium Negara station to make an interchange to the MRT line. Take the MRT from Muzium Negara to Bukit Bintang. Fare costs approximately RM1.70. At the Bukit Bintang station, take exit E8. The mall will be directly in front of the station. The Alpha Hub is located on Level 8 of the mall.

DRIVING THERE

The Alpha Hub is located on level 8 of Lot 10 Shopping Centre and parking is readily available. If you are driving to the location, you may opt to park in the Lot 10 carpark, or in any of the other car parks in the surrounding areas.

REGISTRATION

Registration and conference check-in for the WIP Conference starts at **6.30 PM, 23rd August 2024.**

INTERNET CONNECTIVITY

To stay connected during your visit, we recommend purchasing a local SIM card with a data plan, as WiFi at the conference venue may be limited. A local SIM will help ensure you have a reliable connection throughout your stay.

Data plans typically range between RM20-40 and cover 3 to 14 days.

You can easily pick up a local SIM card at the airport upon arrival. Popular mobile providers in Malaysia include Hotlink, Digi, U Mobile, Celcom, YES, and Tune Talk. There is also a YES store in Lot 10, where the Alpha Hub is located (Level G).

WHAT TO PACK

The dress code is casual. We suggest wearing comfortable walking shoes. While the weather in Malaysia is generally warm and humid, the conference venue might be cool for some. It's a good idea to have a jacket or shawl with you. Also, consider bringing an umbrella in case it rains!

Please bring a reusable water bottle or coffee mug. Hot beverages will be served during designated tea breaks, and drinking water will be available from dispensers. Let's help reduce waste by using our own containers!

MEALS PROVIDED

We're delighted to invite you to a delicious dinner on Friday evening!

Morning coffee will also be available from 8:00 AM onwards.

We encourage you to arrive early, enjoy a warm cup, and connect with great company.
